

# MAKE A TAX DEDUCTIBLE DONATION TO THE DAYLESFORD DHARMA SCHOOL PLAYGROUND!

**Our students have designed a brand new Agility Adventure Playground with Kompan Australia. They have raised \$7,000 towards the \$65,000 required to build.**

It has 2 climbing towers and an agility trail challenge, built from sustainable natural materials.

This unique playground was created by our students—who researched and surveyed their fellow students to create a design brief that truly reflects their needs and imaginations.

It's a celebration of student led learning and joyful outdoor play!

An open day will be held for everyone to climb enjoy the new Dharma School playground in October!
